Barrett, if you don't mind my saying, and I promise not to go on and on about it, but... the book is brilliant. Really. Read the prologue and Friedman and Bennett chapters last night and so far it's just superb -- horrifying, hilarious, fucking devastating. The notion of equating pundits with failed-but-still-flourishing futurists is smart and I can't think of a better way to help people see the nature of the problem. The first paragraph is a lapel-grabber. Your arguments and evidence are unanswerable, and there were so many lines that had me laughing out loud... Bennett, a spirit creature from Neptune composed of pure energy. Some actual sentences Friedman has written (which reminded me of on SNL skit where Tiny Fey did Sarah Palin, but without manufactured dialogue -- she repeated Palin's actual, fantastically garbled words, and the joke was that no comedy could possibly top the real thing).

Catalina: and Ive got some thing MCCs can kiss

me: it's a nice butt cheek and it goes like this

mwah

you fucked with the wrong bitch

11:13 PM **Catalina**: its a lapel grabber!!!!!!!!!!!

11:14 PM **me**: damn right

Catalina: may a grab your lapel?

me: if I get popular, I know that ain't fair

if I had one, yes

11:15 PM also what's a lapel?

Catalina: may I grab your monocle and shatter it on the wall

me: I've forgotten

Catalina: its a monocle shatterer!!!!!!!!

me: if that's what the kids are doing these days

it's a phonograph basher

Catalina: a lapel is where you put your carnation on your vest my dear

me: oh, right

11:16 PM I've been eating mine

Catalina: what??!!! i am shocked

and what do you do with your cuff links?

me: actually I rub girls with roses while we make love

cuff people with them

LOOK AT THIS ROSE SMELL IT SO SENSUAL LOVE

Catalina: i dont think thats possible

me: then I lied

11:17 PM **Catalina**: roses are sensual

i love it when a guy rubs roses all over me

me: fag sensual

Catalina: and the thorns get caught in my skin

and theres bloody blood everywhere!!!

me: like vampires!
Catalina: and a high risk for contamination
11:18 PM blood borne pathogens!!!!!!
me: I wish a young vampire boy would come and sweep me off my deet
damnit
Catalina: your deet?
me: apparently so
Catalina: im supposed to go out with a tennis player i met on the beach the other day
11:19 PM **me**: lol gay
or, I guess not
hetero
except for the tennis part
that's gay
I'll have Eisler assassinate him
11:20 PM **Catalina**: please do
he sounds like an idiot
http://en.wikipedia.org/wiki/Vince_Spadea
11:21 PM **me**: not a very flattering picture
Catalina: nope
but i am starting to dat again
real normal people
well hes not really real or normal but you know what i mean
11:22 PM **me**: right
Catalina: im just biding my time till you ask for my hand in holy matrimony
me: I'm pretty sure I've already offered
Catalina: well it wasnt memorable!!!!!!!
11:23 PM i need fireworks in times square
and balloons and banners
me: I guess I just tried to trick you into coming to Mexico
Catalina: and a parade
oh that works
but you signed that stupid lease
lets go to mexico
me: lol, lease
Catalina: were were supposed to then you got some ho preggers
me: I've never stuck with a lease my entire life
11:24 PM man, that ho be trippin'
Catalina: alright
me: I referred her to my lawyer
Mirna
and then sent these crazy e-mails

to Mirna
Catalina: she did?
me: who's getting close to taking civil action
not only that
she made up a name and e-mail account
11:25 PM sent an e-mail to Jeremy Sapienza, editor of BushwickBK where I used to write a column
saying I was a junkie
which hasn't been true for weeks and weeks
Sapienza happens to be a Project PM membeer
so he forwarded the e-mail to me, of course
between that and the dozen other bizarre messages she's sent
11:26 PM I could take her down pretty solid in a civil action
but I'd prefer to avoid that
but Mirna's pretty fucking pissed
Catalina: girls are crazy
11:27 PM **me**: they're usually not this crazy
Catalina: but at the same time i wish i had balls like that
me: I'll forward you the e-mails, they're fucking nuts
she doesn't have balls, she's just nuts
she's fucking with a lawyer
and she knows perfectly well that I have a fucking cyber army and three other lawyers and whatnot
11:28 PM and she's opening herself up to civil action and doesn't seem to realize that
plus she accused Mirna of sleeping with me and being a heroin addict
but first
noted that both were "women of color"
and that I am a white devil
11:29 PM **Catalina**: why is she going so crazy?
me: and that my lawyer should thus turn against me and not inform me of the first e-mail she sent my lawyer
forgetting that my lawyer is an Arab
and she is half-Jewish
not only an Arab, but Lebanese
11:30 PM not a lot of solidarity there
Catalina: yeah
11:31 PM **me**: anyway, I don't know what's going on with her
I think she intended a pregnancy
and then it didn't work
11:32 PM she claims to have taken the morning after pill two weeks after I left NYC
now, I'm no gynecologist
but Mirna informs me that such a thing makes no sense

11:35 PM **Catalina**: makes no sense
morning after pill
not 2weeks after pill
me: yeah
11:36 PM oh, but in one of her e-mails
actually, I won't ruin them for you, one sec

9 minutes

11:46 PM **Catalina**: i was under the impression the sex was unintentional
me: me too
just sort of fell in there
11:48 PM I am a serious gamer about to go pro Barrett couldn't even understand how to use the controller on the xbox and the person I was gaming with left the game when he got on.
Catalina: what does "ged him" mean?
me: no idea
11:51 PM **Catalina**: eeeewwwww
a lady never sweats!!
me: I know
she must be punished
oops, gotta go
11:52 PM buenos noches lol
Catalina: wait...
wait...
nooooo
sserious gamer?
